## SAYS BROKEN HOMES ARE REAL CAUSE OF DELINQUENCY

Lack of Opportunity One of the  
Reasons for Failure, Is  
Policewoman's View

A large and interesting meeting of the Glendale W. C. T. U. was held yesterday afternoon at the home of Mrs. E. D. Potter, 244 North Verdugo road, the speaker for the afternoon being Mrs. Minnie Barton, policewoman of Los Angeles, who spoke on "Social Morality."

At the meeting yesterday a communication was read from Mrs. Eva C. Wheeler, state W. C. T. U. president, requesting that Glendale entertain the state convention of that organization, which is to be held in May. No action was taken.

Owing to the continued illness of the president, Mrs. Ruby J. Smart, the vice-president, Mrs. Edith Dockray, presided. Mrs. L. E. Richardson, who had charge of the program, presided at the piano during the opening songs and also led in the devotionals.

### Convincing Speaker

Mrs. A. M. Draper sang very beautifully the sacred and classical songs "I Come to Thee" and "Rock of Ages."

After a short business meeting the speaker of the afternoon, Mrs. Minnie Barton, was introduced by Mrs. Richardson.

Mrs. Barton proved to be a thoughtful and convincing speaker with a large vision. She entered into her subject of "Social Morality" as one who has had much experience in the problems and trials of this big question. She told of her work during sixteen years in the police courts and jails.

Mrs. Barton spoke particularly of the drug addicts. She also told about the "Big Sister League," where girls and women of questionable character are taken care of and also of the "Bide-a-Wee" home.

### Blames Broken Home

In discussing the question of juvenile delinquency Mrs. Barton attributed the real cause to the broken home. She stated that environment and the lack of opportunity contributed to most of the cases of girls who have gone astray. Out of 350 cases, she stated that only three were high school graduates and only one a college graduate.

The next meeting of the W. C. T. U. will be held at the home of Mrs. John Robert White, 347 North Orange street. The topic of the program will be "Scientific Temperance Instruction," after which a reception will be given to the school teachers.

## OFFICERS GREETED BY WAR MOTHERS

Mrs. J. B. Sherwood Hostess  
at Meeting; Discussion of  
Hobbies Is Feature

About fifteen members of the Lester Myer chapter of the National War Mothers' association were present yesterday afternoon at the home of Mrs. J. B. Sherwood of 357 West Broadway, president-elect of the organization, where a specially called meeting and social gathering was held in the form of a reception to the new officers and members of the society.

Prior to the general meeting the members of the executive committee held a short business session, the principal action taken being that of preparing and altering the constitution and by-laws, which are to be presented to the members for adoption at the next regular meeting. Numerous plans for the 1922 activities of the association were discussed by the various members.

### They Talk on Hobbies

The novel and unique feature of the reception, which followed the executive committee meeting, was that of having each War Mother present give a short talk on her particular hobby regarding the handling of the "ex-service man" question in southern California. To further impress the subject on the minds of the speakers the hostess had decorated the rooms of her home with numerous "hobby-horses." The purpose of the speeches on "hobbies" was to obtain suggestions for the organization to follow during the coming year.

Following the closing of the meeting the ladies were served with refreshments, after which it was announced that the next regular meeting of the chapter will take place on Wednesday of next week at the home of Mrs. Ella Richardson on North Brand boulevard.

### REPORTS THEFT FROM AUTO

Mrs. W. E. Evans of 333 North Orange street reports to the police that a gray headed bag was stolen out of J. G. Huntley's automobile last night while parked between Park avenue and Brand boulevard. It contained a comb and a small amount of silver change.

## CLEVER PROGRAM IS PRESENTED AT INTERMEDIATE

Many Good Laughs Are Given  
Children—Young and Old—  
by School 'Actors'

A large number of children, both under and over 21 years of age, were present yesterday afternoon and last night to enjoy the program given by the pupils of the Intermediate school for the benefit of their athletic fund.

Vernon Falter and Meredith Brown explained the purpose of the entertainment by exhibiting a number of worn out baseballs and soccer balls and thanking those present for their attendance which they declared would make the purchase of new equipment possible immediately.

"The Sunfany Orchestra" was the first number on the program and the audience got a good laugh from the make-up of its members who played upon culinary instruments with a frying pan for a banjo. This number was staged under the direction of Miss Clara Midcalf.

They Make Big Hit

The orchestra played popular "kitchen ballads" and made a big hit when it played "Peggy O'Neil" backwards—when the players turned their backs to the footlights. The orchestra was led by Owen Miles and consisted of Eugene Kille, Horace Rosford, Walter Haines, Wilbur Betts, Lawrence Fryer, Dan Knuckles, Robert Bunsay, Wayne Maxwell, Jim Lewis, Eugene Breicht, William Clark and Dugald Blue. Cleo Redd was at the piano.

As "Mrs. Snigles," Barbara Kranz, who had been coached also by Miss Midcalf, introduced and mentioned the good and bad points of her daughters as follows: Bernice May, Alma Turner, Viola Hale, Eleanor Cox, Lavina Thode, Marjorie Snow, Marcela Kohl, Mickey Harashima.

Leona Hunt's piano rendition of "The Raggedy Man" received much applause as did also Helen White's whistling solo, "The Blue Bird" and "Peggy O'Neil." Mildred Tubbs' reading, "Ain't Goin' Cry No More," came in for its share of appreciation.

Lots of Realism

As a money yellow dog, Homer Lockwood was the hero of a pantomime depicting Eugene Field's poem, "The Wallerlot," or "The Vacant Lot." This was presented in two scenes and was staged under the direction of Miss Midcalf. Dorothy (Continued on Page 10)

## PEOPLE INVITED TO RATE HEARING

on Pacific Electric Urged  
to Present Evidence

There will be seats for 800 protesters in the assembly hall, Normal Hill Center, Sixth and Hope streets, Los Angeles, Tuesday morning, January 24, at 10 o'clock, when the railroad commission holds a public session on the requests of eighteen southern California communities for a rehearing in the matter of Pacific Electric fares.

City Attorney Bert P. Woodard asks that every available person having anything pertinent to offer in the matter of service, etc., to be present and ready to verify the four-fold increase he has made against the decision granting increased fares on the Glendale line.

Dr. Jessie Russell, chairman of the civic committee of the Chamber of Commerce, is expected to have a delegation present, while the city council, Southern Glendale Improvement Association, Brand Boulevard Improvement Association and other organizations expect to be represented.

Brown, Dr. and Mrs. O. I. Tower of Los Angeles. Games were played during the evening, at the close of which a two-course supper was served.

## ASSOCIATION WILL CONDUCT INQUIRY INTO CEMETERY

Glendale Avenue Improvement  
Organization Appoints a  
Committee to Act

The appointment of two committees was the principal business transacted last night in the council chamber at the city hall by the Glendale Avenue Improvement association.

To investigate the intentions of the Oak Forest Lawn & Water Co. in regard to the proposed establishment of a cemetery in Scholl canyon, O. W. Tarr, 713 South Glendale avenue; P. S. McNutt, 1001 Sierra avenue, and A. A. McDonald, 1619 South Glendale avenue, were appointed.

To draw up resolutions expressing the sentiment of the organization and recommending suitable action by the city council Herman Nelson, 641 East Harvard street; A. B. Heacock, 709 East Windsor road, and Mrs. Mabel Tight, 127 North Everett street, were appointed to assist Attorney Harry C. Levey, president of the organization.

### Opposed to Secrecy

"Anything in regard to Glendale avenue so far as the railroad is concerned," asserted Mr. Levey, "ought to be common property. Why council for any purpose should have to keep all of the information quiet I don't know. If they can't tell us have cause there are any things that have to be worked out, I think they might tell us."

"The railroad ought to be off of Glendale avenue. I want this association to go on record tonight as of the opinion that the council ought to get the railroad off Glendale avenue. It may be that I am a little bit harsh, I can see why one man wouldn't want to take the initiative. And, if they are waiting for us to take the initiative off their shoulders, let us do it tonight."

Charles E. Stanley, 108 North Everett street, stated that he had taken Mayor Robinson's place upon a recent conference here with railroad officials at which time he had been informed that the Union Pacific railroad would not electrify this branch of the Salt Lake, because they were not in the electric transportation business, but they would have no objection to leasing the line to the city for that purpose.

### Municipal Railway?

The question of the city owned electric line was discussed briefly. "As far as the city council is concerned," remarked Mr. Nelson, "they are perfectly willing to have the railroad taken off Glendale avenue if we can show them how they are going to do it. I don't think that we ought to go ahead and antagonize the city councilmen, because I think that they are ready to stand back of us in this matter."

Mr. Levey asserted that it might take considerable legal study to ascertain the city's jurisdiction over the railroad franchise.

Mrs. Mabel Tight stated, with a laugh, that she understood the franchise stipulated adequate service and inquired if one train a day might be construed in that light.

Secretary F. A. Marek, 212 North Verdugo road, was instructed to request the city council to ask City Attorney Bert Woodard to investigate the franchise under which the railroad operates on Glendale avenue.

Mr. Levey stated that he had requested Mr. Woodard to request members of the council to be present at the meeting, but that the message probably had not been delivered.

## UNIVERSAL CITY'S ARSENAL EXPLODES

Many Thousand Cartridges,  
Mostly Blanks, Discharged;  
No One Injured

Glendale, Burbank and Lancaster almost were war torn cities yesterday when the arsenal at Universal City exploded.

The blast wrecked the small concrete structure and sent thousands of cartridges, mostly blanks, singing through space.

Several hundred people, including negro "extras" who were lending color to filming "With Stanley in Africa," thought they were being massacred and it took considerable effort to quiet them.

The fire was purposely started in brush for photographic effect, but it got away from the technical experts and ticked its way up the hillside to the arsenal. Several Glendale employees of Universal got the thrill of their lives.

A social meeting of the members of the Live Cole class of the Christian church was held last night in the church bungalow, following a short business meeting with Homer Miller presiding. Games were enjoyed and refreshments served.

## Solemn and Dramatic Tribute Is Paid by Local Legion Members to Ex-Service Man

Legionnaires were gathered around Harry Girard at the piano in the Citizens' Building banquet hall last night and Mayor Spencer Robinson was leading the former service men in song. A messenger arrived and Commander James F. McBryde rapped with the gavel to hush the voices.

"Let us stand for thirty seconds with bowed heads in remembrance of Richard P. Fenton who has just passed away at Thornycroft sanitarium."

At the close of this period, Mr. Girard played taps on the piano in the Citizens' Building as though the notes had come from a bugle. Then the ensemble solemnly sang "Nearer My God to Thee," one of the most dramatic tributes to the hero dead ever heard in this city.

## Today's World News In Brief

(By International News Service to Glendale Evening News)

### POPE BENEDICT XV IS SUMMONED BY DEATH TODAY

ROME, Jan. 21.—Pope Benedict XV died today. Death was due to pneumonia, complicated with bronchial catarrh and influenza. The pontiff had been ill only five days. The final attack dated back to last Tuesday when he contracted a cold. The pontiff had been sinking rapidly for twenty-four hours and only the natural vitality and wonderful constitution sustained him. During the morning a slight amount of liquid nourishment had been administered. The pontiff lapsed into semi-consciousness early this morning. Between noon and 1 o'clock the doctors admitted that the pope had not shown any improvement either from nourishment or sleep. The Osservatore Romano, official organ of the vatican, announced that Dr. Bastini, papal physician, had informed the pope's official family that even if death were not imminent it was inevitable. Belief was expressed in vatican circles that the pope's successor will be Cardinal Pietro Maffi, archbishop of Pisa. Although the pontiff's life had been ebbing for twenty-four hours and his demise was expected, news of the death threw this city into deepest gloom. The Catholic churches quickly filled up and special prayers were said for the repose of the pontiff's soul. The piazza of St. Peter's was crowded with reverent and praying men and women as the great bell in the cathedral began to toll out the sad tidings. During the last twelve hours of life the pope had passed from alternate fits of consciousness into semi-consciousness and at times was delirious. During one period when his mind was wandering he kept muttering "peace, peace." At another time he murmured that "duty called." The pope passed peacefully and his features were resigned and calm despite the agonizing suffering through which he had passed. The last sacrament had been administered and prayers for the dead had been said at the final hour. Extreme unction had been said twice, once Friday and again early this morning. Even in his anguish the pontiff was thoughtful of those about him. He begged Dr. Bastini, his old friend, to retire and get some rest during one period of lucidity. The four attending physicians expressed surprise this afternoon over the tenacity with which he had been able to cling to life, in view of the inflamed condition of his lungs and the weakness of his heart. The prelates of the vatican, however, believed that an intervention of Divinity was responsible. When the pontiff rallied slightly this morning and the doctors said that some benefit might be expected from nourishment and sleep, the ecclesiastics attributed it to a miracle of the Virgin of Pompeii. Pope Benedict XV was in his 68th year and had reigned as pontiff of the Church of Rome seven years and about four months.

## LOCAL LEGION POST AT BANQUET AND ENTERTAINMENT

Glendale Talent Puts Forth  
Great Program and Guests  
Are Highly Pleased

Presenting a most impressive program of "strictly Glendale talent" the entertainment committee of the local post of the American Legion, headed by Dr. G. Kaemmerling, staged one of the best and most successful entertainments in the city's history last night at the banquet hall of the new Citizens' building on Brand boulevard, when approximately 175 Legionnaires and their friends took part in the post's first annual "get together" banquet. The spacious hall with its beautifully plain interior finish, was appropriately decorated for the occasion by a number of large American flags draped majestically about the walls. Among the numerous guests of the Legionnaires were Mayor Spencer Robinson and the members of the city council, City Manager William H. Reeves, Colonel James W. Everington, Los Angeles' new chief of police, Harry Girard, Alfred Priest, E. U. Emery and others. Among those mentioned Colonel Everington, City Manager Reeves and Councilman Dwight W. Stephenson are members of the Glendale post.

Big Time Is Started  
Following the course dinner, which started at 6:45 o'clock, James F. McBryde, commander-elect of the post, made a brief speech of welcome after which he introduced the new officers and committeemen to the audience. Jesse Smith was then appointed to act as toastmaster for the evening and the program was started.

Miss Viola Yorba, well known Glendale vocalist and winner of the recent American Legion Carnival Queen contest, was greeted with a rising vote of applause and appreciation when she was introduced to the gathering. She responded by singing "La Paloma" and "La Golondrina," both selections being encored several times.

The "Smith and Miller" stringed trio then rendered several Hawaiian (Continued on Page 2)

## FEAR HEAVY LOSS TO CITRUS CROP

Experts Say It Will Require  
Ten Days to Determine the  
Amount of Damage

Dispatches received today by The Glendale Evening News over its International News Service leased wire state that southern California was again in the grip of a cold wave last night and early today. Minimum temperatures in the citrus-growing belt ranged from 22 to 30 degrees.

At Riverside a heavy damage is believed to have resulted to the citrus crop which was one of the heaviest and finest in years. It will take at least ten days to determine the amount of the loss there, but orchardists said it probably will be considerable.

In other sections of the southland it was stated that if there are losses they probably will be small, because of the smudging operations which prevailed everywhere an orchard was exposed.

Frank Chase, head of the National Orange company, who spent the whole night in driving from orchard to orchard near Riverside, told the International News Service correspondent at Riverside today that it is his opinion the frost damage will be heavy.

Says Damage Is Heavy  
"In groves where there was constant smudging Friday night most of the crops probably will be saved," he said. "In the groves that were not thus protected it appears there will be considerable damage."

Riverside had a minimum early today of 23 degrees. At San Bernardino, the minimum was 22 and at Santa Ana, 25 degrees. It was colder at all three points than on Friday morning. It was somewhat warmer at San Fernando, Pasadena and Redlands.

The Los Angeles minimum this morning was 38 degrees, as compared with 31 degrees Friday. While warmer weather is expected in southern California tonight and Sunday, below freezing temperatures are regarded as likely in some parts of the citrus-growing section.

The official forecast for Los Angeles and vicinity is: "Fair tonight and Sunday. Freezing temperatures tonight near coast."

### MRS. SANDS TO ENTERTAIN

Mrs. Mary Sands of 345 West Burnett street is happily anticipating the arrival of her daughter, Mrs. Herwig and small son, Rondon, who expect to reach here Sunday morning. He will join them here in about four weeks and they are planning to make Glendale their future home.

Walter Trefts, one of his official stenographers, to the witness stand today. It was his intention to deny that his office had attempted to force Miss Prevon to change her testimony as she intimated on the witness stand. Mrs. Kate Hardebeck, "aunt" of Virginia Rappe, was the first witness today. She told of Virginia leaving home September 3, and identified the riding habit worn by her. She also identified photographs of the dead girl. Defense counsel attempted to cross-examine her as to physicians having attended Miss Rappe but were instructed to call her as their own witness if they desired to bring this out.

### DROP IN MANUFACTURES EXPORTED TWO BILLIONS

WASHINGTON, Jan. 21.—A drop of about \$2,000,000,000 in manufactures exported from the United States in 1921 was shown by Secretary of Commerce Hoover's latest commerce department statistics made public today. Manufactures exported amounted to \$2,025,000,000 as against \$4,163,000,000 the preceding year.

### JAPANESE POLICY OF DELAY IS CAUSING PROTEST

WASHINGTON, Jan. 21.—The Japanese policy of delay in the arms conference is beginning to irritate the other delegations as well as the United States senate. A review today of the conference status revealed that at every turn, the Japanese are holding up decisions, and the lack of progress, particularly this week, is beginning to chafe the other powers. Japanese insistence upon joint financial and operative control of the Shantung railway is blocking a settlement of this famous issue. This led yesterday to the breaking out of the first real debate on conference issues in the senate.

### MADALYNNE OBENCHAIN WILL TAKE WITNESS STAND

LOS ANGELES, Jan. 21.—Madalynne Obenchain will positively take the witness stand in her own defense in her trial on a charge of plotting the murder of J. Belton Kennedy, which begins February 6, according to an announcement today by her attorneys, Jud Rush and Al MacDonald. The cross-examination of Mrs. Obenchain by District Attorney Woolwine will, it is expected, furnish one of the most dramatic scenes ever enacted in a local court room. "Mrs. Obenchain will go on the stand to tell everything—fully and freely," said Rush. "I have faith that she will satisfy any jury selected of her innocence. She will not refuse to testify on any point whatsoever." It was learned that Woolwine has decided not to ask Superior Judge Reeve to combine the trial of Mrs. Obenchain and the re-trial of Arthur C. Burch, her co-defendant, which has been set for March 27.

### WILL H. HAYS PROMISES TO 'CLEAN UP' PICTURES

WASHINGTON, Jan. 21.—A genuine "moral cleaning" to purge motion pictures of all semblance of salaciousness was promised today by Will H. Hays, who leaves President Harding's cabinet March 4, to head a new association of motion picture producers and distributors. A real moral cleansing and not a campaign against extension of censorship of films is the purpose of the association which will pay him \$150,000 a year when he resigns as postmaster general, Mr. Hays declared. "I will head what you might term a moral crusade in the film industry after March 4," Hays said. "There is nothing to this talk that the people with whom I will be associated plan a campaign against extension of censorship of motion pictures. They have never mentioned censorship to me in any way in my negotiations with them. I have two objects. We will attempt to seek to develop the moral and educational values of motion pictures to their highest degrees. That is all we plan."

selections, after which little Phyllis Blanche Smith, a talented young artist of five years, made one of the hits of the evening by her original interpretation of the Hula Hula dance. She was followed on the program by a unique toe dance by Marian Stadler, an Edith Lindsey pupil.

**Makes Practical Talk**  
E. U. Emery, president of the Citizens' building company, then made a short address on "Our Service to the Ex-service Man," making his thought practical by returning to the Legion the amount of money paid for renting the hall. Mr. Emery set an example for several other members of the audience who donated cash funds to be turned over to the post's committee on "sickness and distress."

John Marquot, who is recognized as one of the foremost violinists in the country, then presented several violin solos. Following his selections Mr. Marquot, who is a resident of this city, announced that he is contemplating the organizing of a forty-piece orchestra, to be made up entirely of local musicians, within the near future.

**Their Voices Please**  
Mayor Spencer Robinson then delighted the audience with the vocal solos "Mavourneen" and "Believe Me If All Those Endearing Young Charms," after which he and Harry Girard, former president of the Los Angeles College of Music and nationally known vaudeville star, sang several duets. The two men, who are friends of many years' standing, literally "took the house by storm" with their presentations and were allowed to leave the platform only after a generous number of encores had been rendered.

Mr. Girard, who acted as accompanist for most of the selections, then sang "Roses of Piccadilly" and "The Rosary," both of which were enthusiastically applauded. Jack Liepke, who is one of the ex-service men stationed at Thornycroft hospital, then entertained with a series of monologues and jokes. Mike Dugan, another Thornycroft hospital patient, then sang "Wombling Lullaby" and "Perfect Day." Both of the ex-service men were warmly received by the Legionnaires.

Keamoku Lewis, well known singer and member of the Glendale post, then sang "Annie Laurie." He was accompanied on the piano by Organist J. Carlton Padelford. Mr. Padelford also played, "Somewhere a Voice Is Calling."

The entertainment was closed by the chorus singing of "The Star Spangled Banner."

## GLENDALE CASABA TOSSERS WINNER

Locals Defeat Covina Team by Score of 25 to 19 in Hard Fought Battle

Glendale high school's heavyweight basketball team brought its standing in the Central league up to an even basis yesterday on the local court when Coach McIntosh's Covina casaba constellation was not able to shine the Red and Black satellites in a regularly scheduled league contest. The final result of the game, which was a battle from start to finish, was 25 to 19.

Although the locals managed to stay in the lead at all times its edge was so slight at intervals that it could have easily split the oft-mentioned "frog's hair." At the end of the first half, but one field goal separated the two teams, Glendale being on top of a 12 to 10 score. The gap was widened to three free throws during the last period of play.

For the locals, Bill Goertz and Vic Colburn, forwards, and Cline, guard, showed up exceptionally well, the two former named players being responsible for all of Glendale's points. Goertz rung up 13 markers for the afternoon, while Colburn had to be satisfied with an even dozen. Cline, at guard, was the best defensive player on the floor.

**How They Lined Up**  
Individual honors for the Lemon Pickers should go to Boots and Doughty, who were responsible for 15 of their team's 19 points. Boots performed at forward while Doughty, who will be remembered by local football fans as one of Covina's backfield stars, played guard. The lineups:

Glendale—Goertz and Colburn, forwards; Worthman, center; Cline and Ringstad, guards. Substitutes—McManus for Colburn, Begg for Worthman, Melver for Ringstad. Covina — Boots and Armel, forwards; Hutchinson, center; Doughty and Welch, guards.

### DOESN'T FEAR CONVICTION

WARSAW, Ind., Jan. 21.—"No jury, particularly a jury with women in its personnel, will ever convict either Madalynne Obenchain or Arthur C. Burch," was the declaration here of Mrs. May Obenchain. The mother of Ralph Obenchain, former husband of Madalynne, who rushed to her aid.

### Motorcycle Officers Become Whitewings

Mayor Spencer Robinson likes baseball. He admires the way the umpire steps out and brushes the dust from the plate with a little whisk broom that he carries "on the hip."

That's where he gets the idea of having the motorcycle officers of the Glendale police department carry whisk brooms as part of their equipment.

"When you see some glass on the street," says the Mayor's instructions, "sweep it off."

Motorists must bear in mind, however, that there is a state law making it mandatory for the person responsible for the glass to clean it from the highways.

Don't let the cops catch you breaking a bottle!

### Club Literary Section to Meet on Monday

The regular meeting of the literary section of the Tuesday Afternoon club, of which Mrs. F. L. Hollingsworth is curator, will be held Monday at the home of Mrs. E. D. Cleophas, 357 North Central avenue. At that time there will be a review of magazines and the topic of "American Artists and Sculptors" will be taken up.

### PLEDGE VOTES FOR BILLS

WASHINGTON, D. C., Jan. 21.—Passage of the foreign debt funding bill and of a soldiers' bonus bill was formally decided upon at a secret conference of practically the entire Republican membership of the senate. The action taken on the foreign debt bill was unanimous, it was stated by Senator Lodge, the Republican leader, but some opposition developed to the soldier bonus plan. It was finally adopted, however, after considerable discussion, by what was described as a large majority vote.

One can be extremely broadminded if one is indifferent.

### Few Arrested Speeding to Work, Says Hobo

COLUMBUS, Ohio.—The only time a loafer is ever fired with enthusiasm is when his boss fires him and furnishes the enthusiasm," said Douglas Mallock, poet of the woods and former head of the American Press Humorists, in an address here.

"There is no such thing as doing too much work for your pay. Very few men are arrested for speeding on their way to work," continued Mallock.

"An optimist is a man who sees a light in the darkness where there is no light. A pessimist is a man who comes along and blows the light out."

### REPUBLICAN SECRETARY?

WASHINGTON, D. C., Jan. 21.—William E. Halley, clerk of the Ohio state senate, probably will be designated to succeed the late Clarence B. Miller of Minnesota, as secretary of the Republican national committee, it was learned today. John T. Adams, chairman of the national committee, conferred with President Harding. After the conference Adams said the chairman was not ready to name the new secretary, but said there "was perfect accord" in the matter.

### SENATE FOR DIRT FARMER

WASHINGTON, Jan. 21.—The Kellogg bill, designed to insure the appointment of a "dirt farmer" as a member of the Federal Reserve board, has been passed by the Senate. The vote was 63 for; 9 against. The nine senators who voted against the passage of the bill were Brandegee, Connecticut; Calder, New York; Edge, New Jersey; Koyes, New Hampshire; McLean, Connecticut; Moses, New Hampshire; Wadsworth, New York; Republicans, and Pomeroy, Ohio and Williams, Mississippi, Democrats.

Wish on a load of hay, without looking at the load again, and your wish will come to pass.

### Tells Why Oil Law May Be Needed Here

Councilman S. A. Davis today gives an explanation of his request Thursday night at the council meeting for an ordinance regulating oil wells in the city of Glendale.

"Oil here? Not that I know of, but there are some fellows who are muleting the public in real estate deals, I believe. They go to property owners and tell them they own leases on the mineral rights of the land and threaten to start drilling for oil unless their interests are purchased. I understand this trick has resulted in the loss of as much as \$1,000. The ordinance I propose will make it impossible to continue such a practice."

### Here's Chance to Get Desirable Plants Free

From Monday to Saturday, inclusive, next week there will be all sorts of nursery stock at "gratis" terms for those who wish to call at the city park, Patterson and Kenilworth avenues.

Included in the trees which will be given to property owners for the beautification of parkways only are camphor, Catalina cherry, live oak, cypress, pine, acacia, laurustinus, jacaranda, palms, bottle sycamores and oleanders.

According to City Manager W. H. Reeves this is a great opportunity for people to get some desirable stock as the city is going out of the nursery business.

#### HONOR UNKNOWN SOLDIER

ROME, Jan. 21.—The Congressional medal for valor, the highest military decoration that the United States can bestow, was conferred upon Italy's "unknown warrior." The ceremony took place in the presence of King Victor Emmanuel, high Italian officials, Major General Henry T. Allen, commander of the American army of occupation on the Rhine, and a detachment of 100 picked American soldiers. The medal was presented by the American ambassador to Italy, Richard Washburn Child. Major General Allen and other American officers have received high Italian decorations.

#### DOG GOES TO JAIL, TOO

MARTINEZ, Cal., Jan. 21.—Henry Heuer, high school boy, is in jail charged with murder. His greatest concern was not his own fate, but that of Rex, his faithful Airedale dog. Ever since Heuer's arrest the dog has kept vigil at the jail door. Sheriff Veale decreed that the dog must be taken somewhere for safe keeping or shot. This ruling had no effect on the dog's fidelity and escaping from his keeper Rex again camped on the outside of the jail. Rex won. Sheriff Veale broke his rule and now the dog keeps his young master company in his cell.

## FOND OF FIGURES? HERE ARE SOME ON FORD CAR

Edward S. Lawrence Spills  
Lots of Facts and, Too,  
Produces Fancies

How to pave the next transcontinental highway has been solved by Edward S. Lawrence, assistant manager of the local Ford agency.

Yes, you've guessed it. Fords!

From official figures he estimates that Henry Ford has now sold over 5,700,000 cars.

With the exception of Ford trucks which are slightly longer, all Fords stretch about twelve feet "from prow to stern."

A parade of all "Lizzies" made, therefore, would stretch about 12,952 miles and would require fifteen days to pass a given spot at a constant speed of thirty miles an hour. If the parade marshal adhered to Henry's eight hour day, of course, the spectacle would occupy three times as much time.

Now, if Rip Van Winkle had slept twenty days instead of twenty years, he wouldn't know he had been asleep at all because he would see a Ford approaching before his doze and one vanishing after his alarm clock had gone off. Just whether or not the parade would go up in the Catskill Mountains of New York is a question.

Read on, folks! The distance between Los Angeles and New York is about 3,000 miles although it seems longer if you walk. Sometimes, if you ride a Ford, it seems still longer.

Each Ford takes up a width of about sixty-four inches. Four Fords placed side by side would just about pave a road twenty-one feet wide between the local Ford agency and Coney Island.

Further! There are about 1150 Fords in Glendale.

That is enough to cover a distance of almost two and a half miles.

About 17,737 Fords were registered from Los Angeles county last year—or enough to reach from Los Angeles to Long Beach and back again.

However, Mr. Lawrence admits that he is unable to answer the perplexing question: What happens to Fords in their old age?

## Picture Stars Take Active Interest in Automobile Welfare

Do movie stars take an active interest in the motoring welfare of the southern counties of California?

Officials of the Automobile Club of Southern California rise up to remark that the motion picture industry as a whole is one of the most loyal supporters of the welfare of autoing facilities in all the world of commercialism.

Movie fans roundabout will be delighted to learn that practically all of their favorites are united with the Auto Club in a determined effort to boost the development of good roads throughout the southern part of the state, fair motor laws and the lessening of accidents.

Even some of the stars who make a great majority of their pictures in the east, and who visit California for a few days or weeks out of the year keep up their club memberships from year to year.

While the majority of these have made known their admiration for the insurance protection given by the club, they are unanimous in testifying that Southern California is the place de luxe for motoring and they want the best the world has to offer out here in the way of good highways. The emblem of the club can be seen on most of the movie cars.

What you eagerly wish for will be likely to meet you.

## Dramatic Sketch Is Headliner on Program at T. D. & L. Tonight

"Double Lives," which is the name of the dramatic sketch which William Moore and his company of players are offering on the vaudeville road show at the T. D. & L. theatre today, is a play which has many twists and turns of plot and is sure to furnish much interest for all who see it. In support of Mr. Moore is Walter Rogers, the noted picture actor who portrays the same role which he did at the premiere of this sketch in New York.

Just to show that it is possible to do many things and do them all well, Balsmus, the noted Australian physical culturist, is presenting a novel athletic turn in which will be found many stunts rarely combined in one act.

Taking his audience back to the days when the early settlers crossed the plains, Louis London is offering a remarkable portrayal of Indian characters. Not only does Mr. London wear the buckskins and head-dress of the early Indians, but he also has a repertoire of songs which are especially fitting for the costumes which he wears. "Geraldine" assists Mr. London with a dance that is sure to arouse the envy of all the feminine hearts of Glendale.

"Courage" is the name of the all star feature photoplay which is shown in conjunction with the vaudeville.

## Hermosa C. of C. Opposes R. R. Board

In a communication received by the Glendale Chamber of Commerce from the Hermosa Beach Chamber, it is stated that the organization there favors either the abolishment of the state railroad commission or changing it to an electoral body as against the present system of appointing members to a six-year term for political patronage.

Petitions already are being circulated in southern California by the Long Beach Chamber to abolish the rail board and vest its powers in the county supervisors.

The original recipe for the famous perfume, eau-de-cologne, was discovered by an Italian living in Cologne in 1709.

## DEBT PLAN TAKES TIME

WASHINGTON, D. C., Jan. 21.—It will be fully a year before the United States can arrange funding terms for the \$11,000,000,000 foreign debt and probably much longer than that before interest payments start coming in, treasury officials said.

One nation has already informally

advised the treasury department that "it probably would not be able to meet" its interest payment next fall. While treasury officials said today "it would be unfair" to name the country concerned, it is believed to be one of the smaller countries of Central Europe, which are in hard financial straits.

## EX-WAR MINISTER CAUGHT

—If you have, the world bows to your success and you are rightfully entitled to the proud position you occupy and the happiness you enjoy

—For Home Ownership made a reality by consistent thoughts, tireless efforts and willing sacrifices represents the fulfillment of life's greatest ambition, an achievement worthy the name of Success.

—A Deed to a Home is more than title deed to property; this instrument fails to recite Americanism, Progressiveness, Thrift, Honor, Contentment, Protection, Environment, etc. They are all a part of ideal homes that come with home ownership.

This love for home has and always will be the most dominating force to spur men on to continuous success, for Home Ownership instills new thoughts, desires, determination, and fires ambition to a point of action that cannot help but be productive, and when home is warmed by embers of love, devotion and affection, it is an inspiration for man to do his best, and is a haven for those who call it Home.

When two hearts are joined in love and life the home instinct is liberated and false indeed is love's dream where the planning and building of an ideal home is not paramount. What other possession or desire can we possibly aspire to in this world that mean so much to us as Home Ownership and the things Ideal Homes stand for?

**Willis-Knight Wins  
Friends With Motor,  
Says George T. Smith**

"The life-time motor is the talk-  
ing point of the Willis-Knight," de-  
clared George T. Smith, 228 South  
Brand boulevard, yesterday after-  
noon. There is no use interesting a  
customer in one of these cars unless  
he is first 'sold' on the motor. He  
can't take proper pride in his car un-  
less he understands the principle of  
his motor and then he will appreciate  
what he is getting.

"Not long ago a man came in here  
'shopping.' He wasn't anxious to  
buy the Willis-Knight; what he  
wanted was to sell his old car for a  
top price. I told him right out that  
I didn't care whether I sold him a  
Willis-Knight or not because he  
wouldn't have appreciated its real  
value.

"It is an established fact that these  
sleeve-valve motors can be driven  
120,000 and 150,000 miles and never  
have to be looked at. There is a  
Willis-Knight in the Toledo fire de-  
partment, which has covered 200,000  
miles and the motor has never been  
touched. This is the longest record  
for this car that I know about."

**Buick Sedan Has  
Attractive Features,  
Says W. A. Tanner**

One of the features of the Buick  
sedan is the lowness and convenience  
of its running board, according to  
William A. Tanner of Tanner & Hall,  
Ltd., 237 South Brand boulevard. He  
called attention recently to this  
point of superiority, but he did not  
mention the fact that a great many  
Buick sedans are being sold at the  
present time to feminine motorists  
who are attracted by the convenience  
and facile response of this car.

**NAIL HALTS PRISONER**

NEW BEDFORD, Mass. — The  
spectacular dash for liberty of Albert  
G. Costa, nineteen, from the district  
court house here had an extremely  
prosaic ending. As Costa was scal-  
ing a fence a nail caught in his trou-  
sers and held him long enough for  
the driver of a coal wagon to over-  
take him. Court officers then ar-  
rived and took Costa into custody.

Solomon's temple, for the building  
of which practically the whole man-  
hood of Israel was commandeered,  
would have cost \$5,000,000,000 to  
construct at present prices.

## BIG ENTERTAINMENT IS OFFERED BY GLENDALE BILL

Five Good Vaudeville Acts and Snappy Picture for Tonight's Program

There are five corking big acts included on the new vaudeville bill playing at the Glendale Theatre today. Yaconelli, a piano accordionist, is one of the cleverest artists in his line now appearing on the vaudeville stage. Leland and Lane offer what they style "Color Evolutions." This is a novel turn and a most delightful twelve minutes of entertainment.

Friendly and Cunningham style themselves "The Wise Guy and the Simp." Of course, this act has been put together for but one purpose and that is to stir laughter. It succeeds in an amazing manner. Allaire, the European novelty juggler, will demonstrate that there are still a few new tricks to be revealed in the art of juggling. He is a wonder in his line. Doc Jones and the Lively Sisters offer "Harmony and Nonsense," and the act is a sure-fire success.

"Playing with Fire" The difference between snappy frills and elegant simplicity in clothes is sometimes the difference between a working girl and her rich sister. Taste in such things as this is well illustrated in "Playing with Fire." Gladys Walton's current starring release, showing today.

As a clever young newspaper writer and book reviewer who attempts to revamp the love theories of a fascinating young author and to that end gets a job as a housemaid in his home, Mary Miles Minter has an ever delightful role of the mischievous, resourceful modern girl in "Her Winning Way," which will open a two-day run Sunday at the Glendale Theatre.

## Fannie Hurst Story Will Be Presented at T. D. & L. Sunday

Following the great success made by "Humoresque," a Cosmopolitan production released by Paramount, comes another screen epic of the East Side of New York in "Just Around the Corner." Fannie Hurst, who wrote "Humoresque," also wrote the story of "Just Around the Corner," which was published by Harper and Brothers, New York, in Miss Hurst's first collection of short stories. Frances Marion wrote the scenario for "Just Around the Corner," which will be seen at the T. D. & L. theatre tomorrow and Monday.

It is another great warm drama of life that will make you laugh and make you cry. A big powerful story of tremendous appeal, well worth anyone's time and money to see.

Added to the feature picture is a delightful program of short subjects and the selected musical numbers by George Olsene, the master organist. As a whole this show offers the best in entertainment.

**I. G. Cooley Motors Company Now Located at 312 South Brand**

The I. G. Cooley Motors Company, which have been temporarily located at 120 South Maryland avenue, are now established in the showrooms especially built for them at 312 South Brand boulevard, adjacent to Robinson Brothers' fireproof storage building.

The I. G. Cooley line includes the Packard and Durant, two of the best cars on the American market at nominal figures. While these machines are in classes of their own, their price is no greater than many common machines, it is said by I. E. Doty, manager of the company's establishment here.

W. D. Germany, a recent arrival from New York city, who has been employed in the Packard factory, has been added to the local selling force.

## Dinner at 35 Cents Attracts Large Crowd

One of the largest opening attendances reported by any eating house in Glendale was noted this noon at the new Broadway Markets where Mesdames Fess and Rhodes endeavored to attend to the wants of a hungry mob who saw their chicken and noodle dinner advertised in The Glendale Evening News at 35 cents. Salad, potatoes, gravy, bread and butter and coffee was included at the price which appears to be the nearest approach to pre-war prices of record.

Many people will remember Eastons' Broadway restaurant which used to serve a chicken dinner two days a week for the modest sum of "two bits." It was located in the same building as the Broadway Markets.

## Glendale Plumbers to Hold Meeting Tuesday

All master and merchant plumbers of this city, as well as those holding licenses, are invited to attend a dinner at the Glen Inn, Tuesday, January 24, at 6:30 p. m., following which there will be a business meeting and three speakers from the trade extension bureau of the Los Angeles association will be present and speak on the merits of organization.

## Psenner-Doll Auto Electric Company to Move February 15th

The Psenner-Doll Auto Electric company, now located at 610 East Broadway, will move into their new location, now under construction at Brand boulevard and Chestnut street, about February 15, the present location of the firm having become too small to take care of their customers and give the service they are entitled to. This new building will have a large entrance on Brand boulevard and an exit on Chestnut street so that a customer can drive right through the building; shops are to be placed at the rear of the building, where every equipment is to be installed for the quick handling of all auto electrical work.

A new feature will be rewinding, rebuilding and reconstruction of all makes of generators and starting motor armatures. S. L. Jackson, known as "Jack," past two years chief electrician with the Willard service station is with Psenner-Doll electrical department.

## Local Ford Agency Helping to Secure Licenses for Fords

Has your Ford got its license yet? The local Ford agency is now busy securing licenses for all Ford owners who wish to avail themselves of this service.

Between twenty-five and fifty applications a day are being received. A number of license plates have been distributed already.

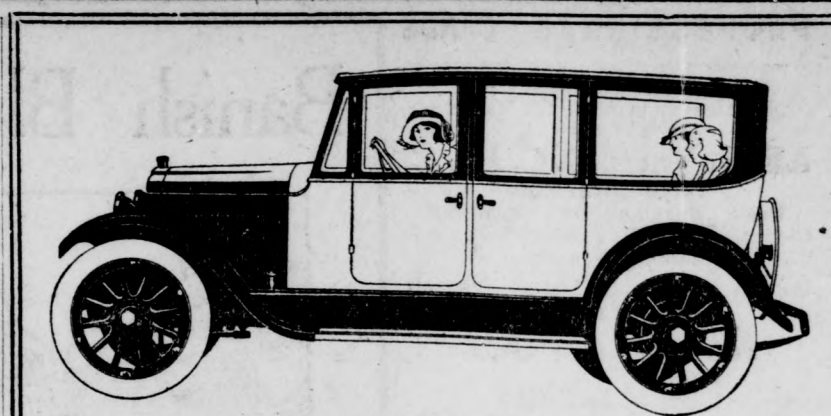

The price for almost all Fords is \$8.80. That is, the price of the license is this amount. To own a Ford truck with solid rubber tires costs \$13.80.

Edward S. Lawrence, assistant manager of the agency, says that it will be well for all residents, who wish to take advantage of this service, to do so soon and not wait until the last minute "jam" in order to avoid any possible penalty for failure to display license plates after the first of next month.

## Ready Money Being Put in Automobiles, Says J. H. French

"People who are buying cars now seem to have ready money," declared J. H. French of Bartlett & French, 201 South Brand boulevard, yesterday afternoon. "The biggest percentage of our deals now are cash transactions. When the wage earners were making so much money, they bought cars, but they got them on terms in expectation of their salaries. People who are buying now, seem to have plenty of available money."

Mr. French stated that business had been exceptionally good recently in spite of the weather. He remarked that a carload of "Hups" was now on its way to Glendale as part of a trainload on its way to Southern California.

## Business Is Excellent, Declares E. W. Cizek

"If business keeps on like this, there will be no 'holler' coming at all," remarked E. W. Cizek of the Cizek Auto Electric company, 300 South Brand boulevard, yesterday afternoon. "Last year we had a little slump after the holidays at this time, but I don't see any difference in the sales this year. Business seems to be all right. There doesn't seem to be any slump in sight."

Whenever you wish a good thing for somebody else, a blessing will come to you; but if you wish evil to some one else it will surely rebound upon you. Wishes are like boomerangs.

## Placing Steel Girders for Department Store

Steel girders for the new Pendroy Dry Goods Store on the northeast corner of Harvard street and Brand boulevard are being fitted rapidly into place by a crew of expert workmen from the Baker Iron Works in Los Angeles. About a score of upright steel supports are now in place and these are being joined by cross girders.

The estimated cost of this building when completed is \$80,000. It has a frontage of 52 feet on Brand boulevard and 120 feet on Harvard street. The structure will be three stories in height. Its architect is Alfred F. Priest of 1422 North Central avenue and its contractor Roy L. Kent, 130 Brand boulevard.

## BOY SCOUT BANQUET FRIDAY NIGHT TO BE BIG EVENT

Additional Talent Secured to  
Make Program One of the  
Best Ever Given

(Continued from Page 1)  
personally supervise the kitchen.  
Those who have tasted of the chef's  
epicurean skill are no doubt antici-  
pating the banquet with considerable  
pleasure. The chef assures the com-  
mittee that the eats will be great.  
Roy L. Kent, secretary of the  
council, urges the organizations to  
send in their reservation cards im-  
mediately as there are a number of  
people who have been asked to wait  
until the organizations have been heard  
from. "It is quite necessary," said  
Mr. Kent, "to have all of these re-  
servation cards in by next Tuesday."

**High Ideals Taught Boys**  
Perhaps no other organization in  
existence, outside of the church, is  
as successful in securing the co-op-  
eration and enthusiasm of boys in  
trying to live clean, many lives as  
the Boy Scouts. Despite this fact,  
the Scout organization is not on a  
competitive basis, but can be made  
of equal use by the church, the  
school, the Y. M. C. A., various boys'  
clubs, and the home, it is pointed  
out.

At the present time Scouting in-  
cludes in its ranks nearly 600,000  
boys and leaders. Before joining  
the Scouts every one of these boys  
have taken the Scout oath and have  
pledged themselves to be true Amer-  
icans.

Here is the Scout oath:  
On my honor I will do my best—  
First—To do my duty to God and  
my country, and to obey the Scout  
law.  
Second—To help other people at  
all times.  
Third—To keep myself physically  
strong, mentally awake and morally  
straight.

## E. E. Sawyer Says Paige and Dort Are Taking Well in City

E. E. Sawyer of Sunset Motors,  
Inc., local representatives for Paige  
and Dort cars with showrooms and  
service station at 208 East Colorado  
boulevard, states that already he is  
enjoying a good business, having  
placed several cars, and he wants the  
drivers of both Dort and Paige mod-  
els to know that he is ready to give  
service.  
For those interested in Paige prices  
he states that the popular Larchmont  
model is now \$2555, having been re-  
duced from \$3350. Mr. Sawyer has  
moved from Santa Monica to Glen-  
dale, believing that "spending your  
dollars where you make them" is the  
right idea. He was with the Sunset  
Motors at their crescent bay sales-  
rooms, but finds Glendale a much bet-  
ter field.  
"Really, I am surprised at the  
number of people who are interested  
in the Dort and Paige; prospects also  
are numerous," he says.

## VOTERS! REGISTER! DON'T DELAY, IS WARNING GIVEN

Many People Do Not Show  
Proper Spirit; Elections of  
Importance Coming

Voters should register.  
No, voters MUST register.  
Yes, that's better. For political  
campaigns of importance are coming  
up this year and, unless you have reg-  
istered since January 1, 1922, you  
will be unable to vote.

L. W. Ball, one of the deputy reg-  
istrars of voters in Glendale, states  
that a number of people do not seem  
to realize the importance of register-  
ing and hesitate about doing so.  
"A number of people employed in  
Los Angeles, but residing here, seem  
to lack appreciation of registration,"  
said Mr. Ball today. "They are in-  
clined to put it off. The result will  
be, many will be unable to vote and  
then they will be among the loudest  
to object to the results."

**Letter from Registrar**  
Mr. Ball wrote recently to D. B.  
Lyons, registrar of voters, and the  
following is the reply he received:  
"Dear Mr. Ball:—Answering your  
inquiry, it is most desirable that the  
people of Glendale should be fully  
registered at the earliest moment.  
Your city will have its general elec-  
tion in April and voters should not  
delay when the opportunity is af-  
forded to register. My deputies there  
have been assigned specific territory.  
I wish that you might urge upon  
your citizens, by the publication of  
this notice, that whenever a deputy  
registrar comes to the home to reg-  
ister the voters they should at once at-  
tend to the matter. They should not  
delay for the purpose of registering  
with any other deputy or for any  
other reason which can be avoided."  
Very truly yours,  
"D. B. LYONS,  
Registrar of Voters."

## DR. W. B. COLLINS TALKS EFFICIENCY

Active in Pastors for Past  
Forty-six Years, Gives  
Brotherhood Advice

The regular monthly meeting and  
banquet of the Brotherhood of the  
First Methodist church which was  
held in the social hall of the church  
last night, was addressed by Dr. W.  
B. Collins, who has been in the ac-  
tive pastorate for forty-six years in  
the middle west and served a num-  
ber of prominent and successful  
churches. His talk last night was  
along the line of "Christian Effi-  
ciency." He stated in part:  
"An efficient church is the sum  
total of efficient individuals. Es-  
pecially efficient men are needed.  
The right social life is a great aid to  
success. It is not measured by  
church suppers and fairs but a so-  
ciability that lasts the week through.  
It is felt in the business world and  
on the street and wherever we come  
in contact with men."  
"This church presents a grand out-  
look for Christian service. Another  
essential to efficiency is a real  
knowledge of God, the presence of  
the Holy Spirit. With this equipment  
your organization will be an irresisti-  
ble force for good in Glendale."

At last night's meeting the fol-  
lowing committees were appointed:  
Religious education, Ed. M. Leo,  
chairman; C. W. Ingledue, W. N.  
Bott, C. H. Bott, L. L. Wood; mem-  
bership, C. D. Lusby, chairman; Dr.  
Collins, E. A. Bachtel, A. D. Dun-  
lop, Henry Melone, A. W. Tower; so-  
cial entertainment, George E. Jef-  
fries, chairman; W. A. Webber, T. A.  
Wright, C. E. Russell and H. A. Wil-  
son.

## Burdens Necessary, Declares Dr. Myers

"Burdens are both necessary  
and natural," declared Dr. Cortland  
Myers last night at the Presbyterian  
church. "They have a vast deal to  
do with making us what we are. The  
heavily-laden animal bears its bur-  
den because it must. We may do so  
willingly and loyally and become  
strengthened and a source of  
strength for others."

"The real gentleman is the one  
who looks way down beneath the sur-  
face and respects the burden of un-  
seen trouble. Don't walk past any-  
body on earth carelessly. Let your  
fellow-man know you are walking  
under part of the load with him. We  
must, also, cast our burden on the  
Lord. He is never tired, weak, but  
always ready and able."  
"A young lad at a gun on a war-  
ship on the verge of his first battle  
stood trembling. The admiral came  
by and saw and laying his hand kin-  
dly on his shoulder spoke a word of  
encouragement and the boy's fear  
was all gone. No matter what the  
trouble, it will leave you when He  
puts His hand on you. But every  
one of you has to carry the burden  
of your own sin and it will crush you  
unless you lay it down at the foot of  
the cross."

**TRANSFER COMPANY MOVES**  
The Glendale Transfer & Storage  
company, which has been located at  
612 East Broadway for the past sev-  
eral years, moved yesterday to its  
new home in the Lund building at  
618 East Wilson avenue.

## COMMENT THAT'S ALL

Smudge, Smudge, Smudge  
Pope Benedict—Peacemaker  
Half Million Motorcars  
Danger in Film Thrills  
By Gil A. Cowan

**S**MUDGE. Did you see it, or smell  
it last night or this morning?  
It was the orange growers' grand  
gamble against the blighting  
frost.

From every orchard black clouds  
from burning oil pots belched forth  
the heaven's mute protest against  
the falling temperature.

It is the citrus crop is saved it will be  
due to the diligence and vigilance of  
those who "stood by" the heaters, out  
in the open, all night long.

Already reports are coming in to  
the California Fruit Growers' ex-  
change, stating that damage was  
done in the vicinity of Ontario, Pom-  
ona and sections of the San Gabriel  
valley. While it is impossible to tell  
what percentage of the crop will be  
lost, there is no doubt but what those  
growers who were fortunate enough  
to save their fruit will get extra high  
prices this year.

In the passing of Pope Benedict  
XV. it is interesting to note the total  
number of Roman Catholics through-  
out the world, all of whom were vi-  
tally interested in the fate of their  
spiritual father. It is estimated that  
the church's membership is 201,961,  
000, of which 17,550,000 are in the  
United States.

Pope Benedict will go down in history  
as one of the greatest advocates  
for world peace, having urged the  
Catholic nations to do their part in  
forming the league of nations, and  
later in limiting armaments at the  
Washington conference.

It is estimated that there are a half  
million motorcars in southern Cal-  
ifornia.

Must be an average of one to every  
grown person. Have you yours? If  
not, take a squint at the offerings of  
the dealers advertising in The Glen-  
dale Evening News today.

One thing you will find in the col-  
umns of this paper and that is repre-  
sentation of the great majority of the  
merchants and business men.

Look in the classified columns and  
you will see almost as many different  
kinds of wants as appear in the met-  
ropolitan sheets.

Look at the market advertising  
and notice that The Glendale Eve-  
ning News carries more specials for  
shoppers than any other newspaper in  
any southern California city of  
comparative population.

Of course, there is a reason—  
RESULTS. People read a paper  
which they pay for. That is why the  
subscription price is cash in ad-  
vance.

This money enables The Glendale  
Evening News to pay out twice the  
amount of money for news, pictures  
and service than any other newspaper  
of proportionate circulation in south-  
ern California.

Remember, however, you are of-  
fered this wonderful bargain because  
of the liberal support of the adver-  
tisers. Read every word they have  
to say and profit thereby.

Indeed, it is dangerous to be a  
movie queen. While one views the  
thrillers with the feeling that "the  
heroine was safe," Grace Darmond,  
who has been working overtime to  
meet the demands for dangerous sit-  
uations, is now in the hospital hav-  
ing been thrown from an elephant.  
Might as well been a three-story  
building, eh?

## CLEVER PROGRAM IS PRESENTED AT INTERMEDIATE

Many Good Laughs Are Given  
Children—Young and Old—  
by School 'Actors'

(Continued from Page 1)

Bus played the part of "Sissy  
Knott," a little girl who was cap-  
tured by Indians, and recovered by  
cowboys, assisted by her yellow dog,  
which was decorated with two large  
yellow ribbons, one around his neck  
and the other around his tail, for  
bravery. The boys who took part  
in it were: Billy Pigg, Clarence  
Fisher, Glenn Baugh, William Phil-  
lips, Willie Cowl, Ross Russell and  
Charles Fisher.

A minstrel act, entitled "Burnt  
Cork Comedy," was staged by boys  
from the B.S.H., coached by Miss Vera  
Sinclair and Miss Alice Lookabaugh.  
The two end men were Homer  
Searles and Dewey McCord, who kept  
the audience in continual laughter  
with their jokes and conundrums.  
The blackface comedians were Milo  
Sherrick, Frank Gatto, Frederick  
Schierholz, Leighton Taylor and  
Wallace Train.

"Nicholas Hambone" was recog-  
nized despite his blackface makeup,  
silk stove pipe hat, red vest and  
large sunflower boutonniere, as Fred  
Springer. He played several old fa-  
vorites upon his harmonica, includ-  
ing "Darling Nellie Gray" and  
"Home, Sweet Home."

**Big Musical Stunt**  
"Say It With Music" was a musical  
stunt coached by Miss Gladys Sharpe  
and her sister, Miss Margaret Sharpe.  
Tom Muff played the part of a Col-  
onial dame, and Melvin Wilson took  
the part of a Colonial squire. As  
they went through a sentimental  
pantomime appropriate songs were  
sung by a small chorus consisting of  
Nathan Finche, Harland Haskell,  
Dorsey Mottern, Graham Young,  
Hewitt Wilson, Len Leech and Rus-  
sell Lavelle, each wearing a large  
grotesque balloon shaped false face  
with wicked eyes. As an encore Tom  
removed his wig and assured the  
audience that he was a boy in spite  
of his feminine make-up. Ruth Vogel,  
Ruth Cox, Dorothy Steiner, Marie  
Warren, Guilla Smith, Bernice Col-  
lins.

The finale was a flag drill planned  
by Miss Ada Sallstrom and Miss  
Alice Lookabaugh. As Columbia  
Dona Wilson sang "The Star Spangled  
Banner," while a color guard  
of six boys in khaki and six girls in  
white skirts and middie stood at  
attention. Among those who took  
part were: Mabel Todd, Alice Castle,  
Mandeline Quackenbush, Nort Wing,  
Gene Lynch, Lois Strother, Wendie  
Snyder, Otis Ainslie, Carol Toll and  
Harold Eckelbarger.

## FEDERATED AID SOCIETY MEETS

Rev. H. C. Swearingen Speaks  
at Meeting; Tells About  
Change in Methods

The Presbyterian church yesterday  
was the scene of a session of the Fed-  
erated Aid Society of the Los Ange-  
les Presbytery.

Rev. H. C. Swearingen of St. Paul,  
moderator of the general assembly,  
delivered the address of the occasion.  
He said that it was no surprise to  
find that the coast churches should  
have the best organizations for lad-  
ies' aid work because of the co-op-  
eration displayed by members of each  
congregation.

"There has come a wonderful  
change over the methods of work  
during the past twenty-five years,"  
declared Dr. Swearingen. "Work for  
all needs outside of the church is so  
much more in hand. We ought to  
multiply our contacts and our rela-  
tions. Thus we may continually  
reach people's hearts. All material  
helpfulness needs to go alongside  
spiritual helpfulness. Christians  
are here to make the name of Christ  
sweet to all the community. All  
equipment, though very necessary, is  
subordinate to the spiritual."

**Churches Necessary**  
Herbert Hoover, facing the coun-  
try's necessity of self-denial to con-  
serve food, summoned church rep-  
resentatives and told them his plan was  
impossible save by the co-operation  
of the churches, as they were the  
only ones accustomed to self-denial.  
And the thing was done."

The renewed efforts of the liquor  
interests to overthrow the Eighteenth  
Amendment was called to the atten-  
tion of those present by Miss Marie  
C. Brehm. She uttered the strong-  
est warnings that those who believe  
in prohibition, should be "wide-  
awake and alert to the situation."

Mrs. W. D. McConnell of Los An-  
geles presided at the meeting. Brief  
addresses were made by Mrs. A. B.  
Prichard of Los Angeles, Mrs. S. E.  
Cobb and Miss Alice Lookabaugh.  
Fannie Marple Retts and Mrs. Helen  
Graham Cole of the church choir and  
Mrs. G. R. Buck of La Pere, Mich.  
The devotional season was led by  
Rev. W. E. Edmonds.

An ample and toothsome lunch was  
served by the ladies of the local  
church.

**STEAMSHIP IS AGROUND**  
DEAL, England, Jan. 21.—The  
United States shipping board steam-  
ship Schoodie, 5,784 tons, went  
aground today off Dungeness. Tugs  
were rushed to her assistance.
